

## Use of Internet Cookies.

By using or accessing our site you are consenting to the Credit Union's use of Internet Cookies. "Cookies" are text-only pieces of information that a web site transfers to an individual's website browser. Like most web sites, we use cookies for purposes such as for analyzing website traffic to improve our site's performance, and for marketing so we can serve visitors relevant promotional ads on other sites they visit across the Internet. We use "performance cookies" to track visitors to our Website, which is done on an anonymous aggregate basis (as cookies do not in themselves carry any personal data). We may also employ cookies so that we remember your computer when it is used to return to the Website for analyzing traffic and marketing effectiveness.

## How you can manage cookies

The browsers on most computers and mobile devices are usually set up to accept cookies. If you want to change your cookie preferences for our website, or any other website, you can do this through your browser settings. Your browser's "Help" function will provide you the information to make these changes.

If you do not accept cookies, you may experience some inconvenience in your use of our site and some online products and services. For example, we will not be able to recognize your device and you will need to answer a challenge question each time you log on. You also may not receive tailored advertising or other offers from us that may be relevant to your interests and needs.
